Verified Statement

The delay caused by the abandonment of the application was unintentional. Namely, the Assignee of record, Centurion International, Inc., which assignment is recorded at reel 010686 and frame 0297, Assignee applicant instructed previous counsel to file an appeal in the present application. Subsequent to providing the instructions and prior to the filing of the

appeal, the Assignee instructed previous counsel to transfer the matter to current counsel, which transfer was finally completed in March of 2003, 1 month subsequent to the final due date of the Appeal brief.

On receiving the file, current counsel discovered the inadvertent abandonment of the present case and investigated the same with the Assignee. Assignee states that they instructed previous counsel to file an appeal prior to transferring the case, and they did not intend for this application to become abandoned.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statement and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

Respectfully submitted,
